

Angel Garcia J. / Maylynn Dimalanta

Shift Light (RPM Redline)

RPM Value(0-15k)\*will come in as 0-5V value

0k RPM = 0V = 0000

15k RPM = 5V = 1111

Shift Light is for car enthusiasts to set a light that indicates when to switch gears in their manual transmission car in order to maximize performance of their car.
